Sosyal Çocuk is a platform that enables parents, caregivers and educational institutions with children between the ages of 0-18 to reach each other in the easiest and most reliable way.

Thanks to our platform, you can find and contact the institution you need for your child's education and care free of charge.

With the Sosyal Çocuk platform, you can positively support their development by having quality information and various materials on child development and education.

With Sosyal Çocuk, you can promote your educational institution free of charge, post an advertisement and make your profile more visible. You can enable parents who are looking for an institution for their child's education to find you easily.

Do not forget to visit our page and follow us on social media to be informed about new information and developments that will be updated every day.
